FIRE THREATENS BIG PEARSON PLANT

Trash Box Discovered Ablaze; Burning Paper Fills Hotel With Smoke; Fire Alarm Given.

Fire which threatened the destruction of the Pearson mill, originated in a trash box Monday night at 3:30 o'clock. The trash box was located at one end of the large unloading platform of the plant. The origin of the fire is unknown, but by the time the alarm was turned in at the central station, the flames had caught the platform. Due to the prompt response and work of the firemen at the department, a disastrous fire was avoided. The only damage suffered was the loss of the trash box.

Hotel Fills With Smoke.
Monday night at 7:30 o'clock, a still alarm was turned in at the central station for a fire at the Hotel McCoy. The burning of paper in the furnace in the basement of the hotel was responsible for the smoke which filled the building. There was no damage.

Could Not Find Fire.
At 10 o'clock Monday night the central company had a joy ride to the corner of San Francisco and Louisiana streets, looking for the fire which should have been in that section, some one having pulled box "12." There was no fire.

HEAVY SHIPMENTS OF CATTLE EXPECTED

The movement of cattle into El Paso and out of this city still continues brisk, though the grazing season will be ended in about two weeks. There were no importations from Mexico on Monday, but J. P. Odell is expected to arrive in El Paso Tuesday night with a large shipment from Chihuahua city, while another large shipment is expected from the Heazlet ranch, in Chihuahua, soon.

S. H. Veater, who imported several carloads from the Mormon colonies last week, shipped 23 head to E. N. Hall's ranch at Aden, N. M.

E. T. Woods shipped 12 head to Tucson, Ariz. He brought these from the Mormon colony at Pachuca.

John Sterry, who came down from Columbus, N. M., to make a shipment, bought 120 head of yearling steers from the Cameron Cattle company and shipped them to Columbus, where he will put them on grass.

BRIEFS ARE FILED IN ARIZONA CHARGES

Washington, D. C., May 27.—Briefs of the Arizona corporation commission in its complaint against the Atchison, Topeka & Santa Fe and 13 other carriers, alleging the carriers exact excessive rates on petroleum from California and Texas to Arizona points, were today filed with the interstate commerce commission.

The commission also filed a brief in its complaint against the Arizona and New Mexico railway, alleging excessive charges on freight from Texas points to Arizona cities.

CHICAGO CORONER IS ASKED TO PROBE MYSTERIOUS DEATH

Chicago, Ill., May 27.—The coroner will be asked today to investigate the death of Homer Edward Morrison, who was involved in a mystery which may rival that of Johann Hoch. Morrison died Thursday at a hospital of what was diagnosed as acute nephritis, but Dr. Darwin B. Pond, who will demand the inquest, now suspects his patient was poisoned.

Two women already have appeared who say they were deceived by a man named Morrison, who passed as a real estate dealer, and the police have a record of a third woman who claims also to have been victimized.

Mrs. Pearl Devitt, a widow, asserts she gave Morrison \$1000 upon his promise to marry her. This money included her husband's insurance.

The second woman says she was Louise Beck before she married Morrison three years ago in Hillsdale, Mich. She states that she gave him \$15,000.

HUNT ACTS AS A PRISON GUARD

Takes Place of Regular Guard Who Goes to Vandeville Show—Gets His Usual Advertising.

Phoenix, Ariz., May 27.—Armed with a revolver and a rifle, governor George Hunt guarded one-third of the wall of the Arizona state penitentiary, at Florence, for two hours. The other two-thirds of the wall was guarded by Elmer W. Coker, of Florence, and John McDonald, of Phoenix, who were the governors' guests at the entertainment.

While governor Hunt, Coker and McDonald tramped the high concrete wall, the guards and convicts were in the main hall listening to an entertainment by a traveling vaudeville quartet composed of four young women.

The young women were there to entertain the convicts in an effort to make life brighter for the incarcerated men.

"Go, it's been over a year since I saw a show," one of the guards said longingly.

Governor Hunt chanced to overhear. "I'll stand guard for you," he immediately volunteered. "But there are three guards. Here, you Coker and McDonald, are you willing to stand guard with me?"

Coker and McDonald were more than willing. Superintendent Sims agreed. The volunteers were fitted out with revolvers, carbines and cartridge belts. McDonald wore his belt in the regular way, but it is reported that the governor and Coker wore theirs around their necks. Both tip the scales well over the 200 mark.

The amateur guards expected to work about an hour, but the convicts and regular guards liked the show so well that the vaudeville quartet continued their vaudeville performance, started at 10 o'clock, till noon.

ARIZONA BOARD OF PAROLE DOESN'T MEET

Phoenix, Ariz., May 27.—Arizona's present parole board has a dead letter. Attorney general George Purdy Shalard announced that the board will not attend meetings, and the other members have agreed not to act without him.

Not one of the 75 applications for clemency were considered at the May meeting, though the board is supposed to meet on the 25th of each month. As a matter of fact, not one formal meeting has been held since October. Since that time 500 paroles have been issued and only two convicts have been pardoned.

The parole board has never attended a meeting since the board. Governor Hunt says they have refused repeated requests on his part to do so. They say that they are too busy and give other excuses.

The other members are governor George Hunt, J. J. Sanders, parole clerk, and Dr. C. W. Haggard, prison physician.

"We have decided not to consider any of the cases till all members of the board are present and fulfilling their duty," said the governor. "I am sorry that a number of them are not entitled to be paroled, but the law is the law and I must present their cases."

STATE TO SUE TO SETTLE LOADING QUESTION

Austin, Texas, May 27.—An agreement was reached today at a special hearing before the railroad commission between the shippers of Texas, the railroad and with the approval of the commission, that a friendly suit is to be filed against the railroad to test the question as to whether or not the process of unloading shipments of freight at shipper's expense constitutes a state or interstate shipment and whether the Texas commission has jurisdiction over such transaction.

This is the result of the action of the railroad to refuse to absorb loading charges. The commission dismissed its proposed suit to put in reduced emergency rates.

Austin, Texas, May 27.—The great council of the Independent Order of Red Men of Texas met today in the hall of the house of representatives in its 12th annual session. There are about 200 delegates here, representing the various tribes throughout the state.

The morning session was consumed in address of welcome and responses. The governor was scheduled to deliver an address but is out of the city today. A monster parade is scheduled for this evening and a sham battle. W. G. Ayres, of Austin, is slated as next great sachem of Texas.

WORK TO START ON NEW PROJECT SOON

Roosevelt Declines Invitation to Prescott's Pioneer Day Celebration, July 4.

Prescott, Ariz., May 27.—A party which includes United States senator J. R. Burton, of Kansas, has just concluded an examination of the holdings of the Arizona Land and Franchising company, between Prescott and Jerome Junction. Other members are H. L. Horlister, of Chicago; L. D. Percine, of Twin Falls, Idaho; and Col. George A. Thayer, president of the company. In an automobile the party went over the company's lands and paid a visit to the storage damsite on Willow creek. Prospects for an early commencement of work on the project are bright.

George A. Carter, owner of Vallada rancho, has bought the dairy ranch and herd of Pete Paine, in Williamson valley. He paid \$10,000. Most of the cows, numbering 100, have been shipped to pasture near Phoenix.

A 500-page indictment "The Arizona Cattle King" was taken on Charles Hooker's Ash creek cattle ranch. The moving picture drama was staged by the selling troupe, now stationed in Prescott. To make the play vivid and realistic 1200 cattle were stampeded.

Theodore Roosevelt has declined an invitation to open Prescott's frontier day celebration, July 3. He explained that he had made arrangements to be in Portland, Maine, on the fourth.

WOMEN EMPLOYEES OF PACKING PLANT AVERAGE \$16.50 A WEEK.

Chicago Social Settlement Worker Accuses Vice Probers of Being Hypocritical and Sensational.

Chicago, Ill., May 27.—Moral conditions in the stockyards quarter of Chicago were considered at a session of the legislative vice commission here today. The committee, headed by Louis I. Swift, president of Swift & Company, and Armour & Company, and Morris & Company, testified concerning the wages and surroundings of thousands of foreign girls and women in the district "back of the yards," said to be the largest foreign settlement in this country.

Mr. Swift said wages paid women employees in the packing houses were fair, only 14 receiving the minimum of \$6.

The average wage of the 700 women of the employees of the Swift & Company is \$16.50 a week, according to Mr. Swift. The 38 girls in the packing plant averaged \$2.95.

Prof. Graham Taylor, head of "Chicago Commons," a social settlement, speaking before the commission by request, surprised the legislative body by accusing it of being "hypocritical, hypocritical and sensational." Prof. Taylor was provided with the report of the Rockefeller bureau of social hygiene and was stated to prove that about 12 percent of vice can be connected with low wages.

Senator Beall, of the vice commission, replying to Prof. Taylor, accused him of being a "high brow."

"You fellows have got away from the question, professor," he said. "We know we are low brow here, but we know the other way. How can a poor girl with \$2.50 a week stand as good a chance as a girl with \$2.50?" demanded Senator Beall.

The witness declared that he was in strong sympathy with the campaign for a minimum wage law, but he deplored the linking of the wage question with the subject of vice, as had been done by the commission.
